

The University of New Mexico invites you to SUNMaRC!

February 27, 2009 - March 1, 2009

Undergraduate students at any institution in the southwest, interested in mathematics and applications are invited to participate at this upcoming conference.

This conference will give you the opportunity to meet other students with similar interests, listen to other student talks and invited talks, give a talk or poster if interested, network with students and faculty at several institutions in the SW, and share a supportive, energetic and fun environment.

For more information on the program and to register, see <http://math.unm.edu/conferences/sunmarc>

There are limited spots, so do not wait, registration deadline is Feb 15th!!!
