

Visa to enter the USA

January 15, 2011

Citizens from about 40 countries are allowed entry into the United States without visas under the U.S. Visa Waiver Program; all other foreign residents need visas. More information can be found at http://travel.state.gov/visa/temp/types/types_1262.html

In case you do need a visa, it should be B-1 Temporary Business Visitor. To help you to obtain a visa, we will write letters on behalf of the conference organizing committee and Lamar University to certify that your paper/talk was accepted for presentation at the conference. That said, we only write letters for authors who has an accepted paper/talk.
