**Course page:** <http://www.math.unm.edu/mctp/gstts/2014/>

**Goals:** By the end of this class you should have a more focused approach to your teaching, and a variety of tools and strategies to measure your success with. You'll establish these things through discussion with your colleagues, the various assignments, and feedback from your students.

**Grading:** 70% attendance, 30% assignments. All absences will require the completion of a makeup assignment or you'll receive an **F** in the course. Please contact any of us if you were or expect to be absent.
